

Face to Face Health and Counseling Service, Inc. Discontinue Contact Policy

It is the policy of Face to Face to discontinue contacting any person upon that person's oral or written request directed to the organization.

Face to Face shall maintain electronic records of all requests by persons who indicate that they do not want to be contacted by Face to Face.

Limitation: This policy does not prohibit contact by Face to Face that is solicited by a person or a person's representative, even if the person or his/her representative have requested to be placed on the "do not contact list." Contact by Face to Face that is solicited by a person whose name appears on the "do not contact list" shall be limited to providing a direct response to the person's inquiry and shall not cause the person's name to be removed from the "do not contact list".

Procedure: Upon a person's (or a person's authorized representative's) request that Face to Face discontinue further contact, the person's name and address will be removed from future mailings to insure that no further contact is made with the person.
